

Hello everyone! The Rapid Summerhill Team is off to an exciting start this month. With the month of June being National Safety Month, we want to ensure that safety remains a top priority for everyone involved. As our dedicated construction team continues to make progress, it's important for the entire community to actively practice safety measures. By following the signs and instructions for construction closures, we can all contribute to a safe environment. Let's work together to make this project a success while keeping safety at the forefront.

Please see the updated rider alert below that shows how to safely interact with bus stops during construction.

Construction Impacts:

Over the next month, construction will be concentrated along Hank Aaron Drive between the I-20 E on ramp and Ormond Street and in the downtown loop along Mitchell Street and MLK Jr Drive between Ted Turner Drive and Central Avenue.

Hank Aaron Drive: Traffic will continue to shift to the outer drive lanes so that construction crews can work in the interior lanes. Please pay attention to signage and team members directing traffic as needed in this area.

Mitchell Street: Lane and sidewalks are closed in the left most parking lane between Ted Turner and Broad Street.

MLK Jr Drive: Lane and sidewalks are closed in the right most parking lane between Forsyth Street and Peachtree Street.

Community members can expect the following construction impacts:

- Construction noise from 7:00 am-4:00 pm during working hours
- Periodic lane closures
- New traffic patterns
- Traffic detours and delays
- Asphalt paving
- ADA ramp improvements
- Relocation of utilities
- Periodic sidewalk closures for reconstruction

Weather and timing play crucial roles in construction and some allowances are needed to keep the project on schedule. Some jobs may need to continue after scheduled hours when traffic is at its lowest, but these jobs will comply with local noise ordinances. If weather delays occur during the week, the construction team may need to work during weekends. Please note any posted signage for potential impacts due to these changes.
